

Expandable vs. Cost

Expandable product can expand from 8 serial ports to 64 serial ports easily.

Non-expandable product is less in initial cost and more in extra serial ports.

One card is easy to maintain.

Multiple cards are hard to service.

P640NU card: universal PCI card.

A320 card: PCIe card.

NF116 box: 16*RS232

NF216 box: 16*RS422/RS485.

NF316 box: 16*RS232/RS422/RS485.

IF108 box: 8 Ground isolated RS232.

IF208 box: 8 Ground isolated RS422/RS485.

IF308 box: 8 Ground isolated RS232/RS422/RS485.
